## A ministry of God's love

The love of God is a powerful thing but do you let that love flow through you? It is the most powerful thing that God has made available to us. God's love can fix a broken little heart. Casa de Niños is a place where God fixes hearts. That is why we say a "Ministry of God's love."

A child is the precious part of God's creation. We are blessed to see joy and laughter restored in a child's life and I believe this transformation of a broken little heart creates a favorite dwelling place for God's Spirit. We believe that within each child lies hidden treasure. Some big people never find the treasure that is within them and live a miserable life. That is sad. It is our goal that God will use us to uncover many hidden treasures in many lives. With God it is never too late to discover what precious treasure lies within. Love creates that perfect environment where God can do his miraculous work. Let love work in you and through you. Help us raise up men and women of God that will go out into the world to be His light.

# History

While ministering in the prison in Tepic in 1968, the late Dr. Frank Gonzales saw several little boys among the inmates. Since there was no children's home in the entire state of Nayarit there was no choice but to put the homeless boys with the adult prisoners. In that moment God placed a burden on Frank's heart to open a home for orphaned and abandoned children. In 1970 ground was broken for the Casa de Ninos. Frank traveled throughout the USA, Canada and Mexico singing, preaching and raising support for the children. On April 6, 1994, Frank was called to his eternal reward, but the vision God gave him for the children lives on at Casa de Ninos Frank Gonzales.

Now in the present day God has put a passion in us to see strong families, and feel God igniting this desire in our hearts to continue working to help needy families here at our facility and reaching beyond to the struggling families in our state.
